**Subject:** Proposed Wal-mart County Highway 128

In response to your letter dated 7/17/07 my husband and I own the property at 244 County Highway 128. Our property has public water service supplied by the City of Gloversville. We have a 1,000 septic tank located directly behind the house on the east side of the property. The septic tank then drains into a leach field that is located in the back yard of the house again on the east side of the property. That is the only drainage that we are aware of.
